## English Teaching in Taiwan-the overview and my teaching

Every Taiwanese student needs to take 2 English classes every week from 1st grade to 5th grade. Taiwanese teachers' English teaching is in many ways trying to let the students have fun while learning. Teachers can try to teach in many ways through activities, making things and playing board games. They use these strategies to let students try to learn by themselves. Then, the students are expected to use their English with confidence. Taiwanese will not be shy, and they will become confident with their English use.
